Dear Bob

I am writing to thank you for the most generous donation of £2,500. This sum which you raised through your annual fundraising endeavours will be for the benefit of The Royal Marsden Cancer Charity – Professor Gareth Morgan Research Fund.

Each year I am absolutely blown away by the amazing sum which you raise and this is down to you and your fabulous supporters. Because of the tremendous support we receive from you and all those who attend your events we are able to fulfil the promises we make to our doctors, nurses and, most importantly, to our patients, including our little ones, and their families who are, quite literally at the heart of everything we do.

Congratulations on another amazingly successful year and thank you so much for your support and dedication as none of this could be done without people just like you.

Please accept the enclosed certificate with my heartfelt thanks and best wishes.

Kind regards

Amanda Heaton
Fundraising and Community Development Manager
